# Why Young Life?

City of Hutto  
Outside Agency Funding Presentation  
August 20, 2020

# A Brief History of Young Life

- In 1938, Jim Rayburn, soon to be Young Life's founder and first president was given a challenge...to reach out to kids who were not attending church in Gainesville, TX.
- He started weekly clubs, going to where kids were, built relationships, and the numbers started to grow.
- Young Life was officially born on October 16, 1941 with its own board of trustees. Young Life is now in over 100 different countries, all fifty states and has 32 international camps for kids.

# The Young Life Leader

Young Life endeavors to create healthy peer groups through relational adult mentorship.

We provide positive role models and as trust grows, we gain a deeper understanding not only of their needs, but the responses those needs require.

Our goal is that young people's lives are changed forever. Finally, we give students a safe place to hang out, supervised by adults who are developing authentic, caring relationships with them.

# The Role of a Young Life Leader

- Pray for kids daily.
- Initiate friendship with kids by entering kids' worlds.
- Build rapport with kids, connecting in meaningful ways and influencing their lives.
- Reflect Christ in word and deed, living above reproach with humility and respect

# What We Offer

- One on One Mentoring (**Contact Work**)
- Community of Friends (**Contact Work, Campaigners**)
- Excellent Camps Away from the “Daily Grind” (**Camp**)

LOVE GOD • LOV

 younglife.

# Questions?

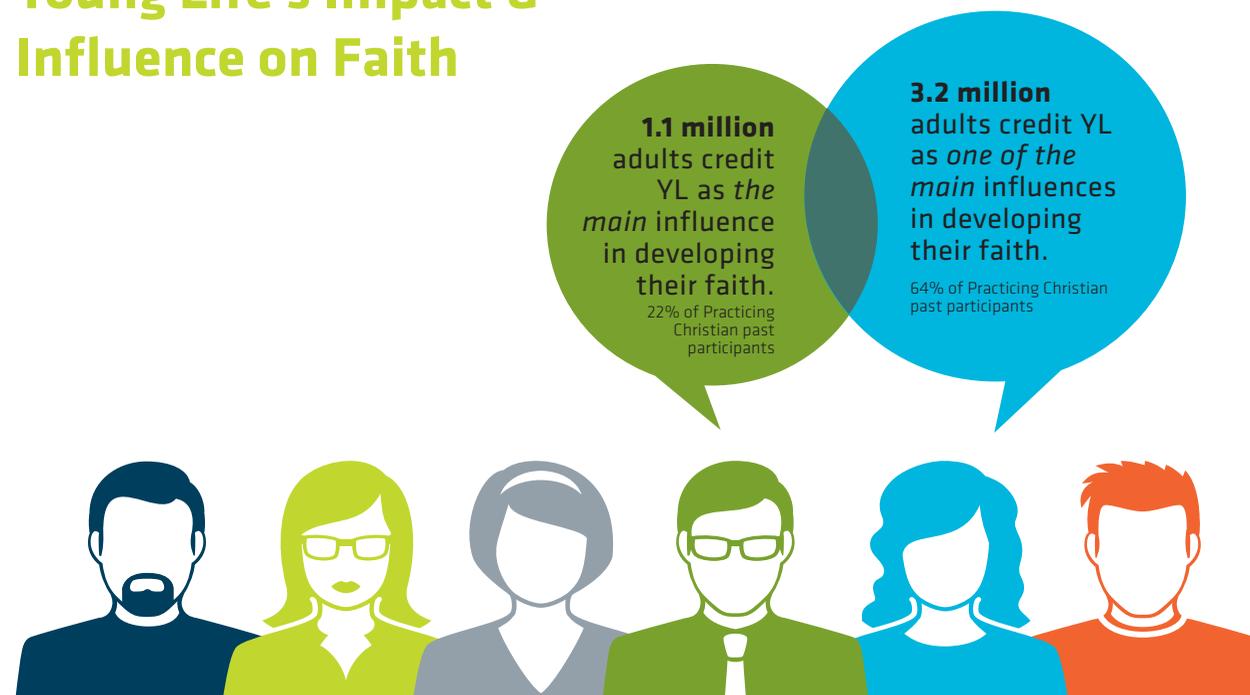

The overall opinion of Young Life's effectiveness and impact amongst all audiences, but especially donors, alumni, staff and current students, is very positive. They say YL helped them grow in their relationship with Jesus, inspired them to read the Bible, and spurred on a great deal of spiritual growth in their lives that continues to impact them today.

These groups all credit Young Life with much of their own spiritual growth, including their relationship with Jesus as well as fostering their current Christian habits (reading the Bible, sharing faith with others, etc.).

Additionally, likelihood to recommend Young Life is extremely high - with the vast majority rating it 8 out of 10 or higher.

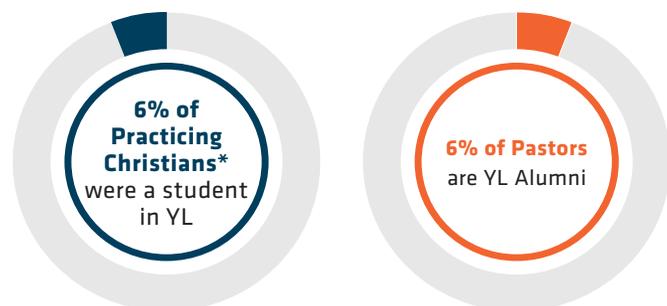

The greater community of practicing Christians also views Young Life in a positive light even though not all are as intimately connected to the ministry. Over half of practicing Christians (54 million US adults) say that they participated in YL as an adolescent, and a quarter of them credit YL as the main influencer of their faith.

## Young Life's Impact & Influence on Faith

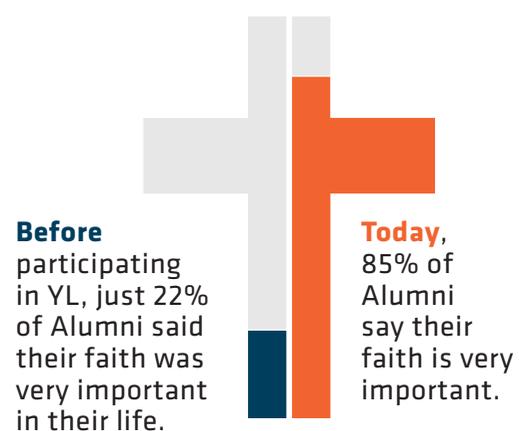

## What is Young Life's Impact?

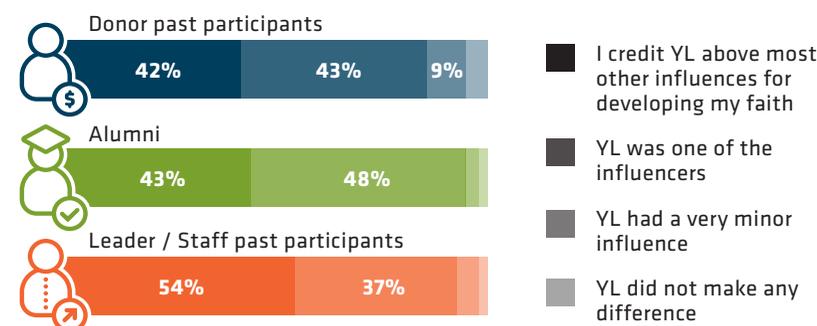

**4.9 million** US adults participated in YL as a student and are still practicing their faith today.

\*Practicing Christians attend church monthly and say their faith is very important in their life.

### Donors, Alumni, and Leaders cite an even higher influence

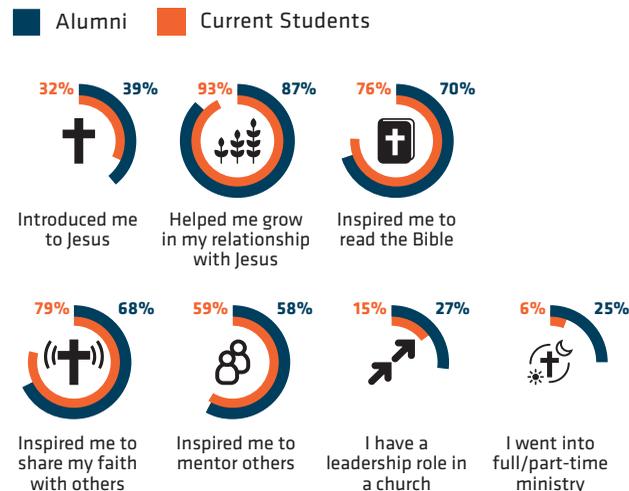

#### Methodology

**Practicing Christians:** A survey of 1,002 practicing Christians - who consider their faith important in their lives and attend church monthly or more often - was conducted May 18-30, 2018 using an online panel. The data was minimally weighted to be nationally representative of all practicing Christians in the U.S.  
**Alumni, Donors, Leaders/Staff:** Young Life alumni, donors, leaders and staff were invited to participate in an online survey about their experiences with Young Life June 4 - July 10, 2018. Respondents in this survey came from Young Life's current database of contacts and by virtue of this connection tend to be more engaged with Young Life today compared to the average Young Life alumni. In total, 299 donors, 391 alumni, and 670 leaders and/or staff completed a survey. **Church Leaders:** A third survey was conducted among church leaders, using Barna's Pastor Panel, in May 16 - June 20, 2018. Respondents included both Protestant and Catholic clergy. In total, 605 Protestant, senior pastors and 59 Catholic clergy completed the online survey. **Students:** A survey of current Young Life students was administered via leaders, who provided a link to their students. The survey was completed in rolling groups over the summer of 2018. A total of 735 students completed the survey.

## Faith Influencers

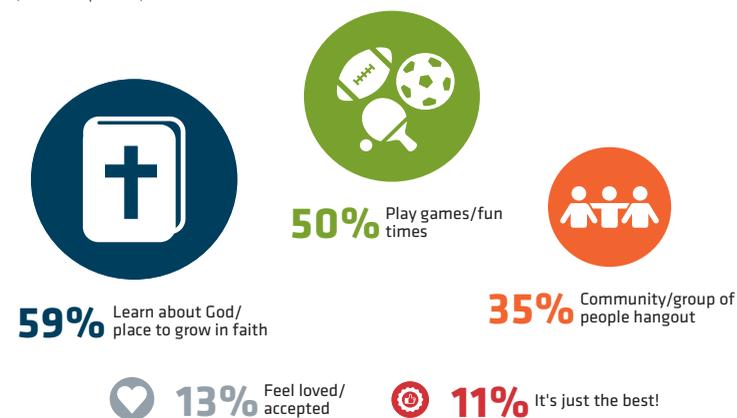

### How YL Has Impacted My Faith\*

\* Multiple responses allowed

### Current Young Life students describe the ministry as a place to grow in your faith and learn about God

This focus on spiritual growth is balanced with fun and community. IN THEIR OWN WORDS: How students would describe Young Life to a peer. (coded responses)

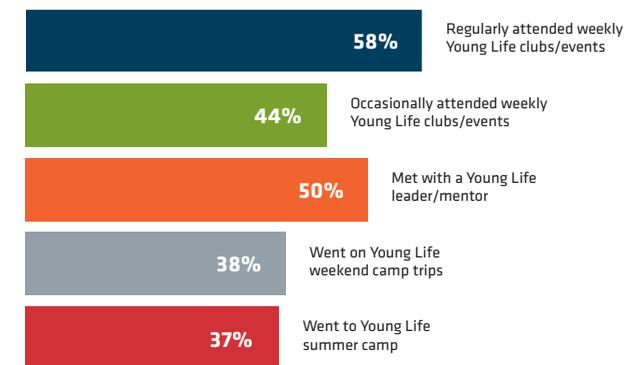

### Leaders' perceptions of engagement from students

The typical Young Life club has 45 students. Of the students who have been a part of a club, leaders say just over half regularly attend the weekly events.

(average percent of students in club who...)

Base: reported by leaders

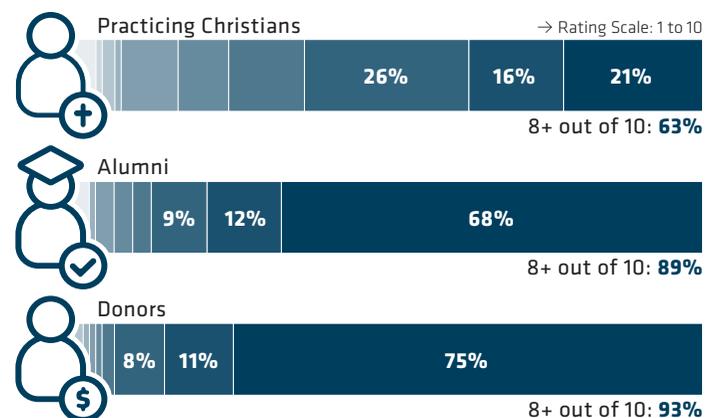

## Young Life Supporters Highly Recommend the Ministry

Donors and alumni are raving fans and leaders / staff also are very likely to recommend Young Life to others (89%+ rate it 8 out of 10 or higher). Two-thirds of practicing Christians who are familiar with Young Life (even if they did not participate themselves) would recommend YL.

### Those tightly connected with Young Life are more likely to see the ministry as more effective than other ministries

The more experience a person has with Young Life the more likely he or she is to say the ministry is more effective at introducing youth to Jesus compared to other ministries. Donors, alumni, and YL leaders are the most likely to say YL is much more effective.

### Likelihood to recommend YL to others with children

### Likelihood to recommend YL to a friend interested in volunteering in youth ministry

### Effectiveness of Young Life to other ministries
